- We covered a LOT of subjunctive and brushed up on other tenses as well while working on writing, speaking, reading, and listening skills.
- I learned how to work with a group and discipline myself to speak only Spanish in the classroom. I also learned how to refine my grammar skills and speak conversationally.
- Alot
- I greatly improved my spanish skills and had fun doing it. I am excited to use the language in life.
- Subjunctive, vocabulary, much more practice.
- We learned about more complicated grammar tenses and how to talk about health, business, what we like to do for fun, technology.

2 - What percentage of the work (including reading) assigned for this course did you complete on schedule?

- The course is pretty good, a very straightforward Spanish course that Leire works to make fun and engaging. There are a lot of assignments but none are unreasonable and are mainly helpful to learning to language. In class we often do fun, random projects and even games (like an "escape room"). We had to make a Twitter for an ending project which I found pretty entertaining, too. My biggest complaint was that in the last three weeks of class we were assigned two papers, a presentation, and an oral exam all due in the same week, which was v stressful as finals approached. Besides that, a great class where you'll learn and have a lot of fun doing so.
- I really enjoyed this course. I believe there was very little busy work that did not serve a purpose, and we worked collaboratively and on the internet (Kahoot, Menti, etc.). We also read aloud a lot which was helpful for working on our accents.
- Great
- Everything was relevant and helpful, could be more conversational and more practice using the language in life would be helpful.
- Standard language class. The project was a bit more interesting than in elementary Spanish because we interacted with the off-campus environment more (e.g. tweeting in Spanish to the world about our day to day encounters with Spanish in the city) and it made me grateful that I was learning to apply my studies to the outside world. MySpanishLab activities were helpful for review of both the vocab and the grammar. As this was a more advanced class, the movies we had to watch were also more interesting.

| <ul style="list-style-type: none"> I LOVE Leire: I 100% recommend taking her class because she works to make it incredibly entertaining while also conducive to learning. She's also understanding about homework/papers/etc and is always receptive and available for questions if you need help. She challenged us to speak Spanish in class without being harsh about any mistakes we made. She's also hilarious: I can't tell you how many times our whole class cracked up over some funny scenario she made up to help us understand a grammar point, sentence error, etc. We all scheduled to take her next class this upcoming semester because we enjoyed this one so much. She is wonderful! Leyre is kind, compassionate, smart, and knows how to conduct a classroom. She is always thinking of fun activities to engage students, and is very available to give specialized help when needed. Great AMAZING. Explains well, passionate, interesting, engages students, provides helpful wonderful examples, reinforces the use of the Spanish language in class. Leyre was an excellent professor. She has an excellent teaching style. She teaches us like 4 year olds and treats us like adults, which is exactly what I need. 5/5 definitely recommend! Leire is an amazing professor. She understands that we are in the process of learning a language and will therefore not be perfect but she also encourages us to step out of our linguistic comfort zone in a way that isn't as forceful as I've experienced in the past. She allows you to have fun with it while still working rigorously. It is clear that she loves teaching and cares about how you effectively YOU feel you are learning. She was very open to feedback. | |

- I learnt many more tenses and actually understood how they were used (ex. subjunctive and conditional). I also think my fluency improved in the sense that I'm able to understand more spanish movies.

- Leyre placed a lot of emphasis on in class work, which I feel is most helpful. We were encouraged to speak a lot in class, and were often assigned fun partner activities combined with regular grammar lessons. Leyre's upbeat attitude made everyone feel welcome, and it really contributed overall to how comfortable people were with speaking during class. Her directives were effective and helpful.
- The course is amazing and so thought provoking.
- Leyre did a great job teaching the class with great powerpoints and activities
- I think it's a great course and that Professor Leyre is an amazing professor. One of its strength is how engaging it is. However, I think it can be improved in its comprehensiveness. I think there needs to be more of an emphasis on comprehension and speaking.
- Great language course. The professor to be honest -- very systematically covers grammar & vocab. Lots of practice. Can't think of much. Maybe more vocab practice early on in the unit. Develops language skills nicely.

| <ul style="list-style-type: none"> • Leyre is an incredible professor with a passion for teaching and fun. She is by far the best Spanish instructor that I have ever had, not only at this school, but in my entire life. She makes the classroom a safe space for learning a new language, and is always encouraging and upbeat. Her lessons plans are engaging while not too over stimulating. I feel like I have learned a lot about the language and culture of Spain throughout the duration of this course, and will recommend her to everyone I know. • Leyre is awesome, and cares about her students and how we learn the material, she's great. • Leyre is an amazing teacher who will always put in extra time to help her students! • Amazing professor, very engaging and informative. • Dr. Leyre Alejandre Biel is one of the best spanish teachers I have had in my life. She has a great attitude everytime you walk into class and is always smiling. You can tell she really cares about the subject so she'll take the extra time to answer student's questions and make sure everyone is in the same place. She's perfect. • Wow. What a fantastic teacher. She was incredibly nice and engaging. She give very efficient and clarifying answers to all my questions -- even indulged tangential material. She was prompt in her explanations and gave plenty of time for learning by practice. It felt as if she was genuinely invested in each student's uptake of the Spanish language. That made having the course three times a week very bearable. Additionally, she was a very understanding professor and was willing to accommodate fairly. Very enthusiastic teachers make for very enthusiastic students. Very grateful for that. | |
